## EXPERIENCE

<b>Motion Industries</b> , Birmingham, AL	June 2018-August 2018
<i>Software Development Intern</i> , 40-hrs per week	Salary: \$15/hr

- Wrangled data in a corporate development environment, leveraging Pandas and Python to produce Excel workbooks to convey data neatly and concisely.
- Gained experience writing scripts, primarily in Python to automate work processes.
- Designed and developed a Pythonic file parser, leveraging Regex to analyze over 30,000 Java files for matches against a local database.

<b>Auburn University</b> , Auburn, AL	August 2017-Present
<i>Undergraduate Teaching Assistant</i> , 12-hrs per week	Salary: \$8/hr

- Led students through in-class exercises and assignments using the Microsoft Office Professional Package
- Served as a proctor for over 200 students; ensured academic honesty during in-class testing

<b>Auburn University Bookstore - Apple Authorized Service Provider</b> , Auburn, AL	May 2017-Present
<i>Technology Team Member</i> , 15-hrs per week	Salary: \$7.55/hr

- Communicated technical specifications about Apple computers to students and parents to help find a computer to best fit academic needs
- Processed computer repairs into a store based database system and Apple's repair system
- Assisted customers with Apple troubleshooting – such as malware removal, keychain issues, Microsoft Office issues, and analysis of hardware issues – as well as first time computer set-up

<b>Chick-Fil-A</b> , Auburn, AL	August 2015-May 2017
<i>Team Leader</i> , 30-hrs per week	Salary: \$9/hr

- Trained several new team members on restaurant operations and company policies to help ensure excellent customer service in a fast-paced, \$4 million dollar, multi-task environment

<b>Lawlers Barbecue</b> , Madison, AL	April 2012-August 2015
<i>Shift Leader</i> , 45-hrs per week	Salary: \$12/hr

- Lead teams of 6 or more staff with a common goal of friendly, high quality food service
- Learned financial processes and produced daily, in-depth accounting reports

## USEFUL SKILLS

- OS and software knowledge includes: Windows, MacOS, Linux, and Office Professional package
- Intermediate knowledge of programming languages such as Java, C++, and Python, Javascript, as well as HTML, and CSS.
- Enrolled in online Web Development courses, utilizing MongoDB, Bootstrap, Express, Node, and Django to build websites as well as configuring VPS to host websites.
